EDUCATION

Santa Clara University

Santa Clara, CA

Bachelor of Science in Computer Science

Expected Graduation: June 2023

- Cumulative GPA: 3.404
- Junior
- Software Emphasis

PROJECTS

Discord Bot - Mech Alert

Discord bot written with the main purpose to notify the user once their specified keyboard product goes up for sale. Utilizes JavaScript with the discord.js module for programming, and SQLite for a localized database to store information for who and when to send alerts.

EXPERIENCE

Golf Shop Assistant

November 2020 - April 2021

American Golf - Oso Creek Golf Course | Mission Viejo, CA

Responsible for checking in golfers for their tee times, assigning guests to carts, and ensuring that groups are being sent out on time and in the correct pairings. In addition, I was expected and trained to help with aspects of course operations, such as golf cart maintenance and customer service.

Golf Shop Assistant

April 2021 - September 2021

ClubCorp - Aliso Viejo Country Club | Aliso Viejo, CA

Required to recognize all members to check them in to their tee times, maintain awareness to see whether they need to be charged for a golf cart or not, and tend to the golf shop and its needs. Additionally, I was required to drive out on the course whenever any complaints were made to the golf shop in order to keep groups on pace and members happy.

Student Worker - STEM Information Desk

September 2021 - Present

Santa Clara University | Santa Clara, CA

Directly report to the building manager for the new STEM building at Santa Clara University, completing any day to day tasks given. When tasks are completed, occupy the desk at the front of the main STEM building to check visitors in for tours and answer questions from anyone passing by.
